

How to Create Proposals That Win the Work

Get your FREE webinar now!

As a professional web design firm, you are always looking for ways to improve your business. And getting your fair share of clients is important. The market is tighter than before.

According to the latest design poll StatPac, 90% of the design work you'll go after will require a detailed quotation or proposal. Even from your current clients.

Do you want your proposals to shine over your competitors?

Proposal writing is a very important task which should be done with the utmost care. That's why creating every proposal to be as persuasive as possible so you will be able to attract the best clients.

Testimonial from a previous participant, Shawn Chadha, Owner of Shawn Web Design, "I've been in the design business for 15 years and quoted hundreds of projects. Yet, I learned strategies in this webinar that are bound to increase my success rate considerably."

Did you know that by improving a few key elements in your proposal template you can increase your chances of winning the deal by 20%? That's one more web design project your firm gets for every six you quote!

So why not put all your chances on your side?
